

Polishing machine with wire brush

318303003

Combined polishing and grinding - POW 310 / 2800

ARBOGA POW 310 POLISHING MACHINE- designed for heavy-duty work!

With its solid construction and powerful motor, the POW 310 Polisher from ARBOGA is the perfect polishing machine for those who are looking for a powerful polisher that is capable of handling typical tasks and at the same time helps maintain a healthy working environment by emitting low levels of mechanical and electrical noise. The spindle shafts are precisely placed in well-shielded dustproof ball bearings.

ARBOGA POW 310 comes complete with polishing mop & wire brush and is set up for connection to an exhaust system that is available for purchase as extra equipment.

POWERFUL MOTOR The motor in the polishing machine is wound at our own factory in the town of Brovst, North Jutland, which is why we guarantee a quality motor that can operate continuously without needing downtime for cooling. The motor is encapsulated in a strong cast-iron structure that protects it against external impacts. If the polishing machine is used in accordance with the enclosed instructions, we vouch for a machine that will have a very long service life. This is why we offer a 5-year warranty on the motor.

BUILT FROM EXPERIENCE ARBOGA has been manufacturing polishing machines for more than 90 years and is famous for their reliability, power, and quality materials. All polishing machines supplied by ARBOGA live up to all safety requirements in accordance with the CE marking and thus are equipped with separate emergency stop devices.
